- ALBUM GUIDE -

In this guide you will find all the information you need about wedding photo albums!

The albums come in 4 different covers: Velvet, Suede, Leather and Natural Linen. All albums are printed on Fuji Crystal Archive DPII Silk paper. In this guide you will find more information on these covers and the amazing colour options.

The pages are thick and luxurious and allow spreads to lay flat so none of your guests disappear down the spine of the album!

My base album is £390 for a 10 spread (20 page) 10x10" album. Prices vary depending on size, cover options, and number of pages.
